## LITTLE MILTON VILLAGE PLAN QUESTIONNAIRE

**STOP! DO NOT THROW AWAY! IMPORTANT DOCUMENT!**

This is your opportunity to influence the future of Little Milton and what facilities are available to you.

The questionnaire may look long, but it is mostly tick boxes that can be completed quickly.

Filling it in should take no more than 30 minutes of your time.

The Government wishes to give rural communities a bigger opportunity to run their own affairs, and to set out a vision for their town or village to guide future development. We in Little Milton are seizing this opportunity for all to be heard - even those who don't usually speak up for themselves.

The process to formulate a Community Plan started in the spring of 2012 with an introductory meeting held in the Pine Lodge. About 60 villagers attended and they were asked basic questions about their likes and dislikes relating to life in Little Milton. Further input was taken during events such as the fete and jubilee party and from this a questionnaire has been created to cover the key issues raised. More background information can be found towards the back of this questionnaire.

The data from this questionnaire will help us put together a plan for the parish. Responses will be treated confidentially and we will not publish the views of any identified household.

We really value your input so please complete this questionnaire by the 21<sup>st</sup> April and give it to your collector when they return or phone Paul Jeffery on 01844 278 424.

*This project is supported by Oxfordshire Rural Community Council, an independent registered charity that aims to improve the quality of life for those who live or work in rural Oxfordshire. ORCC has checked this questionnaire.*

## Traffic and road safety.

The effect of through-traffic on the A329 and Haseley Road was raised as an issue for residents five times more than anything else.

The Parish Council has been concerned about traffic issues for over 30 years, and much has been achieved, such as the ‘build-outs’ at either end of the village, traffic lights crossings etc. However, HGVs are a continuing problem. Also for example, a recent, short term, survey on the Haseley Road showed that 22% of vehicles (300 a day) exceeded the 30mph speed limit.

# Village Community and Facilities

---

Although our village is relatively small, we have a very active community including a school, church, pub, shop, village hall and a number of groups. These all need support from the villagers to maintain or improve them. The current village newsletter is funded by the Parish Council, and produced by a paid Editor. Advertising fees offset the costs of producing the newsletter, which currently goes in printed form to every house in the parish and is also available on the village website.

## Housing, public transport and utilities

Much of the policy on Housing, Public Transport and Utilities is determined by either local or national government, or by big infrastructure companies. We can influence some of these policies through consultation, dialogue or lobbying. The recent Localism Act does give the village the opportunity for a greater say in matters such as Housing.

Some policies we may only be able to influence by agreeing to pay for, or subsidise, a service, be it an evening bus service, or the installation of mains gas to the village.

## Housing

SODC identifies Little Milton as a 'Smaller Village' and allocates no houses to Smaller Villages. However, Infill (5-6 houses) may be allowed.

Rural exceptions are allowed if a need is shown; rural exceptions are small sites for affordable housing only, within or adjacent to villages where market housing would not normally be permitted (e.g. on Green Belt).

Despite of all of this, we still want to know the opinion of the whole village about any future development.

Market housing, means “normal” houses or flats. Social housing (often called affordable housing) is for people who cannot afford to buy their own, being part funded by the state, but only available to those on the housing register.

The current mix of houses in the village is 82% Market housing (about 164 houses) and 18% Social housing (36 houses including 9 with priority for local people). This is about the National average but above average for Oxfordshire.

# Supporting your village

The village enjoys amenities and activities, largely run by volunteers (\*see example list below). In addition, the effective operation of other key village functions is also dependent on volunteers, including the Parish Council, Parish Church Council, school governors, village fete and Christmas fayre.

If we are to continue to run all these successfully, we need enough people. Most of the current volunteer groups would dearly like new people to come forward, in the first instance just to help, but then maybe in time to take over a key function within the group.

People have many commitments. For example, work pressures, a young family etc. These may simply not allow time for volunteer work. People may also perceive barriers such as 'I have not been in the village long enough' or 'It looks like a closed shop to me'.

Voluntary work is not for everyone. At the same time, there is a danger that some village organisations may fail in the future, with the loss of that amenity, unless the next generation of helpers is willing to come forward. Some village activities have folded in the past e.g. Youth Club, Brownies.

As part of developing the Little Milton Plan, we would like to understand people's views on volunteering, what factors may be preventing people from helping, but, most importantly, we would like to encourage and identify those who are now willing to come forward.

\* Examples are: shop volunteers, shop committee, village hall committee, Orchard committee, recreation ground committee, BBOWT (Wildlife Trust responsible for Wells Farm), Women's Institute, bell ringers, church cleaners, church flowers, grass cutters, Friends of the School, volunteer car service, cinema club, and others.

# Background for your information

---

Much has been achieved within the village in the past eg. new Village Hall, Multi Use Games Area, Shop.

Funding for these projects has been raised successfully from a number of sources, including grants, donations, local fund raising events, or through loans from the Parish Council. In addition, successful bids have been made, and continue to be made, for funding from the limited local government budgets eg. new road signs, recent improvements to the pavements by Cremar Cottages.

This questionnaire seeks the views of villagers on a number of proposals, many of which, of course, have cost implications. In these times of austerity, local government funding in particular is very tight, and thus we may have to look even more closely at what can be achieved from our own efforts. Thus the Community Plan will ultimately have to be realistic about what can be attained in terms of funding, and where the priorities should lie.

The process to formulate a Community Plan started in the spring of 2012 with an introductory meeting held in the Pine Lodge. About 60 villagers attended and they were asked basic questions about their likes and dislikes relating to life in Little Milton.

From this initial meeting a Steering Group was formed which set about developing a plan to ask the same questions of a much wider audience. This was done by setting up a stall at both the Jubilee celebrations and the Fete, followed by canvassing the views of the young people as they waited for the school bus.

It was necessary to ensure that the views of the Village were evenly represented and this was done by plotting the positions of all the houses of those who participated on an aerial photo of Little Milton.

Our initial village survey showed that the majority of residents in Little Milton valued 'the rural situation' and the 'sense of community' more than anything else.

The views of the participants were grouped into the following broad categories:

- Traffic and Parking
- School
- Village Community and Amenities
- Public Transport and Utilities
- Maintenance and Infrastructure
- Housing and Development
- Liaison with other villages

From this the next stage was to formulate questions which could be included within the questionnaire which would be delivered to every household within the Village. The main organisations within the Village were also asked to contribute.

Once the information from the questionnaires has been collated the Steering Group will use this to build the Community Plan and set out the main views and concerns which have been raised.
